

## ENVIRONMENT, HEALTH AND SAFETY

At Orbit Wires India Private Limited, we strive towards providing a clean, safe and healthy working environment for our employees and labour force.

We prevent the abuse of natural resources and stay committed towards improving the environment through various means.

We dispose the waste generated within our premises as per the best industrial practices.

To ensure the health and safety of our workforce, proper safety gear is provided to them.

It is also advised that no person shall engage in any methods or procedure or activity which may result in an accident.

Further if any accident, regardless of its severity, the information regarding the same shall be given to the Human Resources Department at the earliest.
